

TABLE QUIZ

TEAM NAME: _____

**IDENTIFY THE FOLLOWING INVENTIONS
FROM THE DESCRIPTIONS BELOW:**

No.	DESCRIPTION	INVENTION
e.g.	An information system where documents & other resources are identified by Uniform Resource Locators (WWW)	World Wide Web
1	A near-instant cooker patented by Percy Spencer in 1945 (MO)	Microwave Oven
2	A cooling cabinet for preserving food (R)	Refrigerator
3	Sprays regulated amount of fuel into a car engine where it is combusted (C)	Carburettor
4	Item used for shaving containing a guard & removable blade (SR)	Safety Razor
5	Alloy mainly of iron and chromium that resists corrosion (SS)	Stainless Steel
6	Metal food wrapping material that forms a protective barrier (AF)	Aluminium Foil
7	Fibre introduced as a silk-substitute in 1938 used in the manufacture of stockings (N)	Nylon
8	Machine for cleaning crockery, shown at the Chicago World's Fair in 1893 (D)	Dishwasher
9	Length of wire coiled into a spring with a point at one end and a clasp at the other (SP)	Safety Pin
10	Weaving machine that used punched cards to produce intricate patterns (JL)	Jacquard Loom
11	A double-walled vessel used to keep food hot or cold (VF)	Vacuum Flask
12	A small pouch, originally made from silk, containing leaves that make a beverage (TB)	Tea Bag
13	A Fastening device consisting of 2 parallel rows of teeth interlocked by a sliding tap (Z)	Zip
14	Waterproof, wipe-clean floor covering made from linseed oil (L)	Linoleum
15	A retroreflective safety device used in road marking and was the first of a range of raised markers (CE)	Cats Eye
Your Score =
